CORNELL WINS AT CROSS COUNTRY.

Yale Second, Pennsylvania Third and Harvard Fourth in Exciting Championship Contest.

MORRIS PARK RACE TRACK, Nov. 26.—Cornell won the Intercollegiate Cross Country Championship. Yale was second, University of Pennsylvania third, Harvard fourth, Princeton fifth and Columbia last.

(Special to The Evening World.)
MORRIS PARK, Nov. 26.—It was a perfect day to test the endurance and stamina of the 53 young men who represented the six big colleges in the annual championship cross-country run here today.

The course was five full laps of the steeply hilly track with a finish down the last furlong of the main track which was almost knee-deep in mud. The grass course was wet and soggy, which made the jumps difficult and the falls frequent. To add to the general discomfort a steady, nasty rain kept up all afternoon.

The overcast and umbrellae crowd was small, smaller in fact than the army of short-trousered runners and their retinue, and it kept close together in an effort to keep warm, and enjoyed keenly the way the runners tumbled over the hurdles.

There was plenty of water everywhere except in one spot; the ditch at the water jump was empty, owing to a breakdown in the park pipes, and made a splendid soft hole for the men to light in and climb out of. This water jump, as it was called by courtesy, proved to be the most exciting spot in the contest, from the spectators' standpoint, and furnished no end of amusement each of the four times the runners attempted to get over it.

The Yale team was almost the same one that won the race last year and they fully expected to get home first today. Harvard was represented for the first time, and was determined to make a good showing at the annual championship cross-country run here today.

The run was down to start at 2.30, but it was longer after that hour when Starter Sullivan sent the men away on their long journey.

Cornell won in a close finish from Yale, Pennsylvania, Princeton and Harvard fourth, Princeton and Columbia last.

The race was an exciting one all the way, with Bowen, of Pennsylvania, and Franchot, of Yale, in the lead from the start and the next ten men in a bunch.

The rest of the field was strung out after the first jump for half a mile. Franchot took the lead at the first jump and held it until he was passed by Bowen, the crack Pennsylvania runner. R. E. Williams, Princeton, was a close third and these men fought it out all the way.

The Yale runners were in evidence in the first flight, and every expected Cornell victory of Cornell came as a surprise. The victory of Cornell came as a surprise. The victory of Cornell came as a surprise.

The winner of the race was Cornell, who finished first, followed by Yale, Pennsylvania, Princeton and Harvard fourth, Princeton and Columbia last.

WRESTLED AN HOUR WITHOUT A DECISION.
Reinecke and Schoenlein Furnish Interesting Bout in Baltimore.

BALTIMORE, Nov. 25.—Cornell Reinecke, of Pittsburg, and August Schoenlein, of Baltimore, welter-weights, wrestled catch-as-catch-can style to night for one hour to a draw. Reinecke, formerly held the amateur championship of the world. He now holds the professional championship of Pennsylvania and Ohio at his belt.

ERNE AND BRIT FIGHT TO-NIGHT.

'Frisco Light-weight Is Favorite, but Clever Buffalo Boxer Thinks He'll Win.

SAN FRANCISCO, Nov. 26.—Jimmy Britt, the light-weight champion of California, and Frank Erne, of Buffalo, the ex-light-weight champion of the world, will meet in a twenty-round bout before the Yonkers Athletic Club, of San Francisco, to-night. The boys will receive 60 per cent of the gross receipts, and the winner will get 75 per cent of that amount. They will box at 135 pounds, weigh in at the ringside, the legitimate weight for light-weights.

Both men are below that weight now, weighing 131 pounds to-day. They have spent four weeks in training for the contest. Eddie Smith, the regular referee of the Reliance Athletic Club, of Oakland, Cal., will judge the contest.

Britt Has Good Record.
In the short space of a year Britt has defeated such great fighters as Tim Hegarty, of Australia; "Kid" Lavigne, the ex-light-weight champion of the world, and many others, giving him the title of champion of California. In order to retain that title and to gain a wider reputation Britt will surely have to fight hard to beat Erne. The latter is indisputably one of the greatest fighters for his weight in America. He is the best man Britt ever fought. He is a fighter pure and simple, and, besides being a wonderfully clever boxer, is also a stiff puncher with both hands, a splendid ring general and also capable of taking as much punishment as any pugilist in the ring not having any one to fight.

Britt is one of those rugged slam-bang fighters who rush in at an opponent with both hands swinging wildly for the jaw and depends on one of these whirlwind blows to knock his man out. Britt has a most peculiar way of fighting. He crouches low and far back, and when he delivers a blow he lets it go while standing sideways. He will probably have his own troubles in reaching Erne's jaw this time, as the latter is one of the most finished side-steppers and blockers in the profession. If Britt fights Erne in this manner the latter will surely use his short left jab to trouble him in making the weight.

Big Betting Event.
There has been more betting on the contest than there was on the Jeffries-Fitzsimmons battle owing to the fact that the principals are more evenly matched than were the big fellows. Britt has been made the favorite at odds of 100 to 90. One thing responsible for Britt being made the favorite is the fact that he is making the weight.

John and Russell Meet.
Another battle to be fought in California to-night is one of twenty rounds between Jack Johnson, the big colored man, and Russell, the Denver fighter. They will meet at the Century Athletic Club of Los Angeles, Cal., for a purse of \$500. Johnson is the fighter who has defeated the world's champion, Frank Childs, of Chicago, and Hank Griffin, of California, within six months.

F. S. SHAW STRONG MAN OF COLUMBIA NOW.
His 2,040 Pounds Breaks Good Record of N. W. Willard.

Columbia University has a new strong man. He is F. S. Shaw. The collegian in a test yesterday scored 2,040 pounds, breaking N. W. Willard's great score of 1,921. Shaw lifted 1,562 pounds with his legs, and 794 with his back. The grip of his right hand was 225 pounds, and he made 62 push-ups and 42 pull-ups.

For Football Championship.
At Equitable Park to-morrow the 100-pound football championship of the West Side will be decided. The two undefeated teams being the Mount A. C. and the Clairmont A. C. Besides the championship the winners will receive a purse of \$100.

YALE AND HARVARD NOT ON OUTS YET.
Eli's Baseball Schedule for Next Season Gives Crimson Nine Three Games.

That Yale and Harvard are likely to make a new agreement regarding athletic competitions is evident by the announcement of Yale's baseball schedule for next season. In the list three games with the wearers of the crimson are scheduled, and that is contrary to the statement made a few days ago which said that the two universities have no meetings in view.

Walter Camp, the old Yale trainer, says that he is sure the joint committee appointed to form an agreement will likely do everything to continue harmony between the two universities, but that he has no idea of how long the agreement will be for. Regarding the glass case, Camp says he knows nothing, but that under the new agreement some new points may be made to cover those of eligibility.

Yale's baseball schedule is as follows:
March 25, Washington, at New Haven; March 28, Fordham, at New York; April 1, Tufts, at New Haven; April 4, Manhattan, at New Haven; April 9, Georgetown, at Washington; April 10, Annapolis, at Annapolis; THREE DAYS' GOLF FOR LAKEWOOD.
Noted Amateur Experts Will Play in Open Tournament Which Begins To-morrow.

Amateur golfers from far and near have entered for the three-day open tournament which will begin on the links of the Golf Club of Lakewood to-morrow morning and ends on Saturday afternoon. The event promises to be a close and exciting one, as such experts as Findlay S. Douglass, Walter J. Travis, H. P. Toler and C. M. Hamilton are slated to contest for the cups offered to the winners.
